Pursuant to Federal Rule of Civil Procedure 26(f) and Civil L.R. 16-9(a), the parties submit this Joint Case Management Statement with respect to the Case Management Conference set for September 10, 2010, and request that the Court adopt it as the Case Management Order.

#### 1. **Jurisdiction and Service:**

This Court has subject matter jurisdiction over this action pursuant to 28 U.S.C. § 1332 because Plaintiff Bel Conor International, Ltd. ("Bel Conor") is a citizen and resident of a foreign country and Defendant Solta Medical, Inc. ("Solta") is a citizen and resident of the United States, and the amount in controversy exceeds \$75,000, exclusive of interest and costs. Venue is proper in this Court pursuant to 28 U.S.C. § 1391(b) in that Solta resides in this District and regularly conducts business in this District.

All parties have been served with process.

**Facts:** On September 17, 2009, Bel Conor filed a Complaint and Motion for a Preliminary Injunction against Solta, arising out of a dispute concerning the parties' International Distribution Agreement ("Agreement"). Bel Conor sought to obtain preliminary injunctive relief prohibiting Solta from interfering with its asserted rights under the Agreement to exclusively distribute the ThermaCool System in China, granting any other party distribution rights to the ThermaCool System in the territory and increasing the price of the ThermaCool System pending the resolution of an arbitration between the parties. In accordance with the arbitration clause in the Agreement, Bel Conor filed a Statement of Claim with the American Arbitration Association on or about September 23, 2009, seeking specific performance of the Agreement and damages.

Solta responded by filing an opposition to Bel Conor's Motion for Preliminary Injunction and a Motion to Dismiss the Complaint, disputing, among other things, Bel Conor's asserted right to exclusively distribute the "ThermaCool System" in China, the issuance of an injunction to enforce an exclusive distribution agreement under California law, as well as the general scope and character of the rights asserted by Bel Conor in the Complaint, Motion for Preliminary Injunction and notice of arbitration.

Thereafter, the parties reached an interim agreement that while in place, and is adhered to, eliminates the need for Bel Conor to obtain injunctive relief. This interim agreement was memorialized in a joint Stipulation which was filed with this Court on October 16, 2009. [Docket 28]. By way of this Stipulation, the parties agreed that Bel Conor's Motion for Preliminary Injunction and Solta's Motion to Dismiss will be taken off the Court's calendar, and this action stayed pending the resolution of the parties' arbitration proceedings. The Stipulation further provided, among other things, that: (a) Solta and Bel Conor would immediately reinstate the Agreement from October 14, 2009 through the date that the parties reach a negotiated agreement concerning the present dispute, or the date that the parties resolve their current dispute in arbitration, which ever date shall come first (hereinafter referred to as the "Reinstatement Period"); and, (b) that the Solta and Bel Conor will notify the Court after the Reinstatement Period has ended as to whether any further proceedings are necessary in this action and/or this action shall be dismissed.

On October 19, 2009, the Court approved and entered the parties' Stipulation, which resulted in the stay of this action pending the resolution of the parties' arbitration proceedings or further order of the Court. [Docket 29]. Thereafter, the Court ordered that the parties' Initial Case Management Conference set for January 15, 2010 be continued to March 12, 2010, and that the parties submit a Joint Case Management Conference Statement by March 5, 2010. [Docket 30].

On March 5, 2010, the parties filed a Joint Case Management Conference Statement informing the Court that there were currently no legal issues before the Court since this matter was stayed pursuant to the parties' joint Stipulation for interim relief and the arbitration proceedings remained pending. [Docket 31]. Consequently, on March 8, 2010, the Court ordered that the parties' Initial Case Management Conference set for March 12, 2010 be continued to September 10, 2010, and that the parties submit a Joint Case Management Conference Statement on or before September 3, 2010. [Docket 32].

The parties' arbitration proceedings remain pending. Solta has filed its Statement of Defense to Bel Conor's Arbitration Complaint and asserted counterclaims, to which Bel Conor has responded.

The parties have reached agreement as to the material terms of a settlement, which is in the process of being finalized and executed. The parties therefore stipulate and agree that this action shall remain open, but stayed, until the parties have finalized the form of the settlement agreement, and Arbitration is closed. The parties expect that a settlement agreement will be finalized within the next sixty (60) days and, accordingly, request that this action remain stayed, and the parties' Initial Case Management Conference currently scheduled for September 10, 2010 be continued for approximately sixty (60) days.

#### 3. Legal Issues:

Because this matter is stayed pursuant to the parties' joint Stipulation for interim relief, there are currently no legal issues before this Court.

#### 4. Motions:

On September 22, 2009, Bel Conor filed a Motion for a Preliminary Injunction. On October 8, 2009, Solta filed a Motion to Dismiss the action. The Stipulation and Order entered by the Court on October 19, 2009 stayed the case and vacated the hearing dates for both motions. The case remains stayed pending completion of the arbitration proceedings as set forth in the Stipulation. The parties do not anticipate filing any additional motions in the near future.

#### 5. Amendment of Pleadings:

The parties do not anticipate amending the pleadings at this time.

#### **6.** Evidence Preservation:

The parties have taken appropriate steps to ensure the preservation of evidence.

#### 7. <u>Disclosures:</u>

The parties agree that a deadline to exchange initial disclosures should not be set while the case is stayed.

#### 8. <u>Discovery</u>:

No discovery has been conducted in this matter. The parties agree that, given the stay of this litigation during the pending arbitration proceedings, it would not be fruitful to set discovery deadlines. The parties do not believe any modification to the Federal Rules is necessary at this time.

#### 9. Related Cases:

There are no currently pending related cases, apart from the parties' arbitration.

#### **10. Relief:**

To the extent the Stipulation and Order is violated by Solta, Bel Conor reserves its right to ask this Court to grant a preliminary injunction: (1) sufficient to prevent Solta from granting distribution rights in the Thermage product line in China to anyone other than Bel Conor during the pendency of the arbitration proceedings; (2) sufficient to prevent Solta from interfering in any way with Bel Conor's exclusive distribution rights in the Thermage product line in China during the pendency of the Arbitration; and (3) enjoining Solta from raising its distributor prices for the ThermaCool TC System above the existing levels provided by the Agreement for any purchases made by Bel Conor during the pendency of the Arbitration. Bel Conor also reserves the right to seek an award of any other appropriate legal and equitable relief.

#### 11. Settlement and ADR:

The parties have agreed to mediate the matter through the mediation procedures available in the arbitration process. Prior to mediation the parties reached agreement as to the material terms of a settlement, which is in the process of being finalized and executed.

#### 12. Consent to Magistrate:

The parties do not consent to have a Magistrate Judge conduct all further proceedings.

#### 13. Other References:

None.

#### 14. Narrowing of Issues:

The issues have been sufficiently narrowed by the parties' joint Stipulation and Order.

#### 15. Scheduling:

The parties do not believe this case should be handled on an expedited basis.

Given the current stay of this action and the pending arbitration proceedings and the pending settlement, the parties agree that the Case Management Conference should be continued for sixty (60) days, and that proposing dates for designation of experts, discovery, dispositive motions, pretrial conference, and trial is premature.

#### 16. **Trial:**

Given the current stay of this action and the pending arbitration proceedings, the parties agree that proposing a date for trial would be premature.

#### 17. <u>Disclosure of Non-Party Interested Entities or Persons:</u>

The parties have each filed a "Certification of Interested Entities or Persons" as required by Northern District Local Rule 3-16.

Bel Conor certifies that the following listed persons, associations of persons, firms, partnerships, corporations (including parent corporations) or other entities (i) have a financial interest in the subject matter in controversy or in a party to the proceeding, or (ii) have a non-financial interest in that subject matter or in a party that could be substantially affected by the outcome of this proceeding:

- a. Sharper Limited;
- b. Top Beat Consultants Limited; and
- c. Main Focus Holding.

Solta certifies that the following listed persons, associations of persons, firms, partnerships, corporations (including parent corporations) or other entities (i) have a financial interest in the subject matter in controversy or in a party to the proceeding, or (ii) have a non-financial interest in that subject matter or in a party that could be substantially affected by the outcome of this proceeding:

- a. Three Arch Partners;
- b. Meritech Capital Partners;
- c. Delphi Ventures, Inc.
